Supalite K9 Portable Worklight

Torch, Worklight and Floodlight in one! A versatile and portable torch/worklight system designed for patrol, inspection and emergency work situations.

Supalite K9 in Carry Mode

Carry Mode

Allows use as a high power flood beam torch.

Worklight Mode

Telescopic mast flips up to allow the Supalite K9 to operate as a worklight. Effective illumination of the working area will then be achieved.

Floodlight Mode

This mode requires an extension pole or tripod to be fitted. The lamp head can then be extended over 8 feet.

High / Low Power

The Supalite K9 can be switched between low and high power to extend working duration.

Flexible Work Position

Allows the Supalite K9 to direct light at the optimum angle.

Light Source

High efficiency triphosphor electronic flood lamps. Each Supalite K9 unit has 3 lamps, so that in the unlikely case of failure you will not be left in the dark. Any 12 volt DC power source will drive the lamp head.

Safety

12 Volt = Non hazardous low voltage. The lamp head can be adjusted and moved around safely due to the cool running temperature of the lamps.

Construction

Non conductive, impact resistant plastic polymer body with non conductive telescopic GRP mast.

Supalite K9 in Worklight Mode

Extension Pole in use

Battery

Zero maintenance leak-proof SLA gel type battery. No memory effects. Can be stored ready for use for three months.

Recharging

Full electronic multi-stage battery chargers (See table below for different charger options). Can be left on charge continuously without harming equipment.

MODEL	PRODUCT CODE	DURATION (hrs)		WEIGHT (Kg)
		HIGH 100%	LOW 66%	
K9 DELTA	SLK9D	7.0	9.0	14.2
K9 ALPHA	SLK9A	5.0	8.0	11.2
K9 BETA	SLK9B	3.5	5.0	8.2

DIMENSIONS: Length: 460mm Width: 270mm Height Packed Down: 260mm Height Fully Extended: 860mm

Supalite K9 Tripod

- Adjustable clamping locks
- Non conductive fibre glass sections from high strength layered GRP
- Electroplated steel hub and fittings
- Compact storage
- 'Unjamable' movement
- K9 interlock for maximum stability
- High quality coiled cable to allow minimum to maximum extension without memory effect. No additional extension cables required.

MODEL	PRODUCT CODE	HEIGHT (m)	WEIGHT (Kg)	MAX FOOTPRINT (Centre to Leg)
Extension Pole	SLK9P	2.54	0.5	N/A
Telescoping Tripod	SLK9TRI	2.14	3.5	600mm

Supalite K9 Chargers

Plug Top, Desk Top, Vehicle and Multiway chargers available. All units are interchangeable across the whole range. Chargers are designed to be left connected permanently to equipment with multistage microprocessor charge control. Chargers incorporate deep discharge recovery profiles to ensure ongoing high battery performance from the Supalite range.

PRODUCT CODE	INPUT VOLTAGE	OUTPUT (Volt/Amps)	DIMENSIONS (L x W x H)	WEIGHT (Kg)	MINIMUM BATTERY SIZE
SL/PTC/UK-2.7/12	220/240V 50Hz	12V 2.7A	105 x 65 x 42	0.27	10Ah
SLMFCH01/12	220/240V 50Hz	12V 4A	152 x 110 x 42	0.74	16Ah
SL/VEPAC1212	12V DC	12V 4A	150 x 105 x 55	0.65	16Ah
SLMFCH05	220/240V 50Hz	5 x 12V 4A	150 x 495 x 125	11	16Ah
